

MPASC – BAR OPERATING PROCEDURES
UNDER OUR LIMITED LICENCE LIQ: L55010082

Bar Operating Hours

Fridays:	4pm to 8pm
Saturdays & Regattas/Special Events:	12pm to 8pm

The bar must be closed, and the fridge locked at the 8pm closing time – no exceptions. Members may purchase a small quantity of alcoholic drinks (no more than half a dozen) to continue socializing at the club, but these drinks must be removed from the bar fridge at the time of purchase and consumed at the clubhouse.

Authorised Members

Only members holding a current Responsible Service of Alcohol (RSA) certification are permitted to serve/sell alcohol from the club's bar – no exceptions. The club offers a full refund to members to either renew their RSA certification or to obtain their RSA. Members accepting this offer must be willing to serve behind the bar from time to time.

Selling Alcohol Drinks from the Bar

Under the club's Limited Licence alcoholic drinks can only be sold for consumption at the clubhouse. The club does not hold a "bottle shop" licence so alcoholic drinks are not to be sold for consumption away from the club and its licensed area – no exceptions.

The Club's Licensed Area

The club's licensed area includes inside the clubhouse, the front covered concreted area, and the grassed area down to but not including the public walkway. The club's jetty is not included in our licensed area nor is the foreshore areas used by club members for rigging/de-rigging their boats.

Penalties for Breaches of the NSW Liquor Act

Significant fines apply to both individuals and the club if breaches of the NSW Liquor Act occur. The club would also have its licence revoked.
